

Filling Stations Conditions of Use

TasWater agrees to permit the Customer to access water from its Public Filling Stations provided that the following terms and conditions are complied with at all times.

1. EKey and charges

- I. All Electronic Keys (EKeys) used for the dispensing of water from TasWater's Public Filling Stations will remain the property of TasWater.
- II. This EKey is not a disposable item and is designed for repeated use and/or recharging.
- III. On the return of the EKey, TasWater will return your deposit.
- IV. Your deposit will not be returned if the EKey has been damaged.
- V. The cost of water dispensed from TasWater's Public Filling Stations will be deducted or charged at the rate advertised from time-to-time by TasWater, and available on our website www.taswater.com.au. The price TasWater will charge the Customer for water under this agreement is detailed in its Price and Services Plan that is approved by the Office of the Tasmanian Economic Regulator (the Regulator). Additional information in respect of the Regulator's price determination may be accessed at www.economicregulator.tas.gov.au.
- VI. Avdata Australia provides billing, reporting, monitoring and access control services for TasWater's Filling Stations that use an EKey.

Avdata Australia's Terms and Conditions are outlined on their internet site at:

www.avdata.com.au/pdfs/waterPostpaidKeyTermsAndConditions.pdf

Avdata Australia's General Information on Prepaid EKeys are available at:

www.avdata.com.au/pdfs/waterPrepaidKeyInfo.pdf

Payments and EKey enquiries should be directed to Avdata Australia:

Avdata Australia
PO Box 877 Mitchell ACT 2911

2. Access to Filling Stations

- I. A Female Cam Lock fitting and hose will be required and supplied by the customer to obtain water from TasWater's Public Filling Stations. Filling station locations and fitting sizes required, for specific water filling stations, are available on our website www.taswater.com.au
- II. Customers must use TasWater's Public Water Filling Stations in a responsible and safe manner. Instructions on how to use TasWater's Water Filling Station, as shown on your application form, as per signage at the water filling station, or as per the information supplied on our website (www.taswater.com.au), must be adhered to at all times and care should be taken when connecting and disconnecting the hose from your container/ tanker and the Water Filling Station.
- III. Any person, or user found, identified as misusing TasWater's Public Water Filling Stations, or its components, may be disallowed future use and be required to pay for any repairs, damages, costs attributed or resulting from the misuse or abuse.
- IV. Water Filling Stations are provided by TasWater to allow customers to access a potable water supply. TasWater advises customers that it is illegal to access water through hydrant points or fire services.

3. Unavailability of Water from the Filling Station and Liability

- I. Public Water Filling Stations may be taken out of operation from time-to-time to facilitate repairs, upgrades, improvements or due to water restrictions.
- II. TasWater shall not be liable for any interruption to the supply of water to the filling point incurred for any reason whatsoever, including but not limited to interruptions occasioned by essential maintenance and modifications to the water supply system.
- III. Except in cases of emergency, TasWater shall give the customer reasonable notice of any such interruption to water supply.
- IV. No compensation shall be payable by TasWater for such an interruption to supply or any additional costs or expenses, including any extra costs or expenses if water is obtained from other Public Water Filling Stations.
- V. TasWater will not be held liable or responsible for any costs or inconvenience resulting in the Public Filling Station not being available to users at any time.
Instances such as:
 - Power failures or outages
 - Non-supply of water to the facility, including water restrictions
 - Abuse of the facility
 - Vandalism to the facility
 - Vehicular access problems
 - Or other instances not within TasWater's control which may result in the Public Water Filling Station not being able to operate or adequately dispense water.
- VI. All endeavors will be made by TasWater to ensure the Public Water Filling Station is operating continually, safely and reliably.
- VII. TasWater officers, staff or agents of TasWater, will not take any responsibility for anyone or anything that may be injured or damaged as a result or resulting in an action, function or inaction of any part or parts of the facility known as a Public Water Filling Stations.
- VIII. TasWater may vary the mode of operation or availability of the Public Water Filling Stations as it sees fit.
- IX. Access to a Public Water Filling Station may be restricted or denied when it's specifically required for emergency services. TasWater may, in such circumstances, modify the facility which may disallow other users.

4. Water Carter's Responsibilities

- I. A Water Carters must register with the council in whose municipality the cater stores the majority of its vehicles and supply TasWater with a copy of the certificate of registration issued to the Water Carter by that council.
- II. Water Carters must verify that vehicles used for delivery of domestic drinking water have been certified with the relevant Council's Environmental Health Officer.
- III. The Water Carter shall be responsible for maintaining the potable water standard for any water sold by the Water Carter as potable water. Water Carters must meet the Tasmanian Water Quality Guidelines as directed by the Director of Public Health under the *Public Health Act 1997*.
- IV. TasWater requires Water Carters to maintain a current public liability insurance policy, which cover extends to the supply of water, taking of water and all other activities for any single event, or series of claims arising from a single event.
- V. TasWater will supply water at the Public Water Filling Stations that meets the Australian Drinking Water Guidelines, unless all customers are notified otherwise.
- VI. The Water Carter acknowledges that chlorine may be present in the water and may react with common rainwater tank contaminants to cause unusual tastes and/or odour to be present in the water. Water Carters must advise its customers of this possibility.
- VII. Water Carters are reminded that it is illegal to access TasWater's network through hydrant points or fire services for water other than for firefighting purposes by Tasmania Fire Services.

5. Lost Keys

- I. It is the responsibility of the key owner to advise Avdata Australia immediately on (02) 6262 8111 or TasWater on 13 6992 if their key is lost or has been stolen.
- II. TasWater or its employees will not take responsibility for any loss of credit or accumulation of charges resulting in loss of an EKey or the system not being operated as advised or directed.

Further information can be supplied by Avdata Australia on 02 6262 8111 or mail@Avdata.com.au.
